LOVATO

Welcome
to LOVATO World
Where Efficiency, Comfort
and Savings feel at home.

OUR MISSION, VISION and VALUES.

VISION

In the continuous evolution of the market we intend to anticipate the demands of the clients and to measure its satisfaction. Our organizational model acting in the respect of the environment will be the point of excellence for the achievement and the identification of our brand in the world.

MISSION

We are a group of people who share company values and, through continuous improvement, want to be the reference for products and services, aiming at the full satisfaction of customers and professionals in the energy world.

VALUES

HONESTY: Communicate and behave with loyalty and transparency in every circumstance.

CONFIDENCE: Act with constancy and steadiness, in conformity with the business principles, showing the value of it with the facts.

INNOVATION AND TRADITION: Anticipate the times, maintaining the courage and passion, sure that the ability to turn the problems into solutions, is an unique and invaluable value of the Company.

SHARING: Advocate the individualism in behalf of the team. Seek the clarity of the goal and guarantee the interchange of information.

RESPECT: Pursue the business goal, valorizing the human resource and protecting without prejudice, the personal and professional dignity of the colleagues, of the clients and the suppliers.
